From the Principal By Gerri Walker

Farewell to the parents/carers of our Year 12 students

I would like to thank the parents/carers of the Year 12 students for their partnership with the school over the last 5 years. Working together does make a big difference for outcomes for the students. As we approach the time when the students get their SACE results, it is important to reflect on the achievement of every student and what they have contributed to our school and the wider community.

PRINCIPAL'S REPORT CONTINUED

New staff joining our school are:

Samantha Drewett - English/HASS Angela Johnson – English/HASS Tiffany Williams – English/HASS
Amber Goodyear – English/HASS Jamie Makris – Science/Maths Georgina Pfitzner – PE/Health/Home Ec

Olivia Jones, Bianka Laubsch and Tara Burton will return to our school after having maternity leave in 2022. We only have a couple more contract teachers to employ and are excited that we will start the holidays with hopefully a full staff complement.

Teacher Farewells for 2022

We wish the following staff every success in the next stage of their educational career and thank them for their valued contributions to our school community:

- Andrew Dickinson, our Deputy Principal, who has been successful in winning the principal position at Minlaton Area School
- Jen Williams who is undertaking a leadership position at Kapunda High School
- Mandy Davis who is continuing with her personal business
- Vanessa Higgs, Karlia Azzurro and Steph Noske who have won positions at other schools
- Karen Wilinski who is taking some leave
- Louise O'Halloran and Georgiana Quintal who are going to different schools for one year
- Alex Hoffmann and Anne Harris who are taking 12 months leave

Di Emes, our Finance Manager is taking 6 months Long Service Leave. We are currently working on SSO classroom and IEC contracts for 2023.

Starting School 2023 – week 1

The department has allowed secondary schools to have a staggered start to the school year with approval from the Governing Council and Education Director. Both parties have approved the following to start 2023:

- Years 7 and 12 students and all Inclusive Education Centre students will attend school on Monday 30 January
- All year levels on Tuesday 31 January

We found this worked very well this year and allowed the new Year 7 and 8s to have a full day as induction, including getting to know their home group peers, how to use DayMap, how to log on with their laptops and many other important things that starting a secondary school requires. For the Year 12s there will be a focus on setting up for success as a Year 12 student.

On the Tuesday, we will have an extended Home Group for lesson 1 and then straight into the timetable.

New Mobile Phone Policy to be implemented in 2023

The government has announced that there will be a new Mobile Phone Policy in 2023. The policy will be launched at the beginning of next year and schools will be mandated to implement by term 3, 2023.

Site Improvement Plan (SIP)

Progress against current plan:

Faculties have continued to work on Differentiation - "What are we going to do to increase depth, broaden, extend and improve upon the knowledge and the skill base of every student in the class, regardless of the starting point"

- Differentiating a lesson by adjusting content
- Differentiating a lesson by adjusting the product
- Differentiating a lesson by adjusting the process
- Differentiation and student agency

Each faculty has identified an area of differentiation they will focus on and shared what this will look like in practice. They progressed this work at 2 staff meetings and on the Pupil Free Day.

Progress against targets:

Learning Areas audited their numeracy requirements during the latter part of the year and identified areas to be addressed.

We began the work on developing a whole school consistent approach to reading comprehension, covering the first 2 of the 9 components of the journey.

The Pupil Free Day was successful with three different sessions – two aligned directly with the current SIP. They were:

Session 1 focussed on moderation of students' written work and the 'what' and 'how' of feedback. This was part of our Site Improvement Plan.

Session 2 was devoted to faculty work – again related to the SIP.

Session 3 provided staff with a choice of different learning options including Dual Coding, Positive Education, Positive Behaviour for Learning, PAT Analysis with a focus on Reading, DayMap, Inquiry Led Pedagogy, Self Regulation and One Note.

We have begun documenting a 'Whole School Pedagogical Approach' in response to the NHS External School Review Direction 2 2021 of *Develop a collective understanding of high impact teaching strategies that support effective differentiated teaching and learning that supports all learners.*

PRINCIPAL'S REPORT CONTINUED

Site Improvement Plan (SIP) for 2023 -2024

We have drafted the SIP for 2023, based on the progress against the 2022 SIP. We have narrowed the focus to Reading for the whole school based on High Impact Teaching Strategies and the John Munro Reading Strategies. We have identified a focus area for each term:

Term 1 – Differentiated Teaching – need to continue with this from 2022

Term 2 – Questioning

Term 3 – Feedback to students and from students

Term 4 – Summarising

We are asking the Maths faculty to use the same strategies but apply them to Numeracy.

Congratulations and Successes

- John Barkley won the Design and Technology Teachers Association Teacher of the Year Award at the recent awards evening.

The summary of JB was:

'The Electronics Wizard' has clocked up 22 Years of teaching, 12 of which coordinating. He constantly sets the bar for his work ethic, content knowledge and student engagement. As a result of the teaching and learning that occurs in his classroom, many students are guided into apprenticeships, university study and careers in the field of technology. Having spent many years and countless hours assisting with moderation, university lecturing and mentoring early career teachers it is no surprise that many of John's students continue to receive high Australian Curriculum and SACE grades, as well as merits throughout their studies. John Barkley (JB) is a highly respected, well-known and much-loved member of our Design & Technology community. He is a deserving winner of this award.

- Year 12, Inclusive Education Centre and Year 11 assemblies - these were well attended by parents/caregivers and sponsors. They were a wonderful celebration of our students' successes throughout the year both academically and contributions to our school community. Assemblies for the other year levels will happen over the remainder of the term.
- Contributions by our Year 11s to the school community – when I signed the certificates for the Year 11 students, I was overwhelmed by the number of students who have contributed to our school community. Just for Peer Support there were 60 students who were Peer Support Leaders due to supporting Years 7 and 8 students. I took a moment to reflect on what they have given to our school community over the last year and how richer we are for their work. Thanks also to Nat Axo for leading this work.
- Wine Launch – this was a wonderful evening to showcase our students' work (Wine, Hospitality, Visual Art, Music, Public Speaking, Tech Studies) and thank our sponsors. At the end of the evening, it was good to talk with Marcus Schulz & Kevin Braunack who had the 10 year old Tawny Port named after them. They have been strong sponsors of the program for so long, yet they thanked the school! Again, a huge thank you to the sponsors of our Wine Program.
- Year 10 STEM class presentations about Nuriootpa High School Sustainability – the Year 10 STEM class presented in groups about ideas to make our school more sustainable. The presentations were very insightful and followed the Design Thinking process. There were 2 invited guests – Lin Lin Low, Supply Sustainability Manager with Treasury Wine Estates and Melanie Field, the Sustainability Advisor from Ventia (company responsible for management of our school facilities). The feedback from these 2 observers who also provided feedback to the students included:

Lin Lin Low: *'I Really appreciated the opportunity to come back to the school today and see what the students are proposing. Please reach out again if you need TWE support in any of the programs that NHS are working on.'*

Melanie Field: *'Thank you for the opportunity to hear the students pitches for sustainability and I look forward to being able to take some of those ideas and implement them as a part of our facilities management arrangement under the AGFMA. I definitely see opportunities with the upgrades to the septic systems over time to move to systems that reuse water on site, as well as integrating solar and rainwater capture as roofs are upgraded in line with the long-term service delivery plan that optimises the repair and replacement of assets.'*

Yet again, the school is very supported by external businesses. Congratulations to Damien Jones the teacher working with these students.

PRINCIPAL'S REPORT CONTIN...

In closing, I would like to thank the:

- Nuriootpa High School community with whom we have had a very strong partnership during this challenging year – your overwhelming support has been appreciated
- Governing Council members for their contributions to the school community, representing the families in a positive manner. They are a very positive group of members who are very committed to supporting our school
- Staff for their ongoing commitment, dedication and passion – they have stood up and taken on the challenges, always having the students as a focus.
- Students for their resilience and persistence and accepting the challenges that 2022 presented them

Working as a team has meant that there are far more successes for our students. I look forward to this ongoing partnership in 2023 with our new families and continuing with the existing families.

I wish everyone associated with our school a safe and happy summer break and send the compliments of the season to all.

GOVERNING COUNCIL REPORT

The Governing Council held their final meeting at the Vine Inn on Tuesday evening.

Topics discussed included:

- Update re the playground in the Inclusive Education Centre – should be ready for students to use at the beginning of 2023
- Acknowledgement of the work of Russell Johnstone, former Deputy Mayor, of the Barossa Council
- Progress against current Site Improvement Plan and the new Site Improvement Plan
- Site Improvement Plan for 2022 – 2024
- Agreement to change the current Constitution to the new format
- Approval of Pupil Free Days for 2023
- Agreement to purchase Backup Server Replacement (\$30,000), 40x Wireless Access Point's (AP's) Upgrade (\$36,000) and 25 new Staff Laptops (\$42,500) out of this year's funds.
- Start a cycle of replacement for staff laptops rather than purchase 100 every 4 years.
- Semester 2 data re bullying and harassment; suspension and exclusion.
- Feedback from Canteen, Buildings and Grounds, Finance, Uniform and Wine Committees

SRC REPORT

In term 4 voting occurred for our student 2023 Student Representative Council. Congratulations to the following students who will be in SRC next year:

Year 8: Matthew Hay, Jayde Donaldson, Angel Deluca, Hamish Laidlaw, Caylee Robertson

Year 9: Eddy Schutz, Tiara Walsh, Aaron Karger, Charlette Ewbank, Bailey Jacobsen

Year 10: Hudson Lange, Abbey Mattner, Ryley Skarstrom, Harrison Schultz, Sophie Cooper

Year 11: Kiara Schmidt, Travis Varcoe, Krystal Steinert, Remy Hughes

Year 12: Peter Feaviour, Blair Boehm, Lucas Day, Joanna Linke, Christian Bombardieri

This year we have worked consistently on a number of goals. We were able to provide many fundraising opportunities through casual days throughout the year and have supported many initiatives outside of our school and have raised money for our own school projects.

Over the school holidays there will be three new refrigerated drink fountains being installed around the school grounds, the SRC have contributed to the implementation of these by helping plan and provide some funding through our fundraising initiatives.

SRC REPORT

In week 7, a working party of 30 students from the school (including many SRC members) were involved in planning, designing and painting a mural on the PE Change Rooms. Initiated by the SRC and facilitated by professional artist Lucinda Penn, the students were asked to consider what being a student of Nuriootpa High meant to them, with the key themes of **kindness, diversity, respect, learning, connections, opportunity**, and a **meeting place** symbolised through the imagery painted on the 75 square brick wall. The SRC received a grant through the Peter Lehmann Arts and Education Trust for the project to occur. **Dulux** and **Mitre 10 Barossa** generously sponsored the project by donating the paint for the mural. We wish to thank the sponsors of the mural and the staff and students who made it possible.

On Friday week 7 we had a casual day with funds raised going towards Lutheran Community Care Hampers which help support families through the holiday season.

In week 9, the SRC will embark on a leadership and planning camp at West Beach. We will be focusing on developing our goals for 2023, while reflecting on 2022 and looking to see where we can improve. We will be involved in a number of team building and leadership activities and will be voting in our executive roles for 2023.

We wish everyone a safe and restful break and look forward to seeing everyone for a great 2023.

MURIEL MATTERS AWARD

Anthony Sheridan wins Muriel Matters Award

The award profiles and recognises the work and life of Muriel Matters (1877 to 1969), a South-Australian born suffragist, educator and social reformer who made a difference in the early 20th century through her work and activism to further the rights and freedoms of women, promote universal access to education and have careers open to talent.

In recognition of the change role Muriel played in societies around the world, the Muriel Matters Awards aim to identify and recognise young people in our schools who show the qualities of self-initiative, determination to make a difference despite personal challenges and a commitment to make the world a better place for all.

The nominated student must demonstrate aspects of the following criteria:

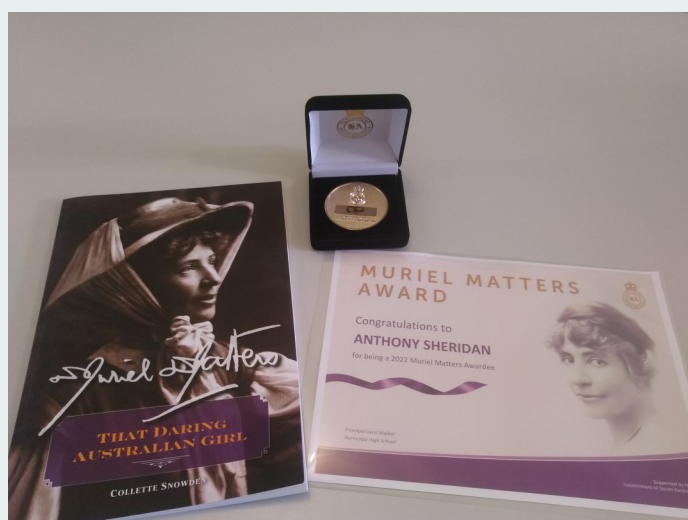

- self-starting and shows initiative beyond school arranged activities
- involved in democratic processes to promote change and make a difference
- taken action of some type
- exhibited in their action a degree of selflessness and personal challenge

These criteria are embodied in the selection criteria statement for the award that states:

Anthony is a Year 12 student at the Flexible Learning Centre. He has contributed to the physical school environment in a positive manner. During the year, he needed some funds to repair his car, so he went to the community and asked for donations of cans and bottles. He was overwhelmed with the support that he got and decided to give back to the community. Red Cross had shared with him that many people were going cold this year and needed things like blankets. To raise awareness and funds/donations he busked in the Co-Op space for this cause – he gave back to the community. The busking session was very successful. He now intends to busk for the Flood Appeal.

As the school's successful nominee, Anthony received a Muriel Matters Award medallion and a copy of Collette Snowden's monograph, 'Muriel Matters – That Daring Australian Girl'.

Congratulations Anthony and thanks from the community.

WINE LAUNCH

By Maxwell and Oscar Schutz

On the 16 November, the 2021 Nurihannam Wines were launched with new labels designed by Maegan Schiller and Miyu Endersby. The Tawny names were announced as Kevin Braunack and Marcus Schulz to honour their contribution to the Wine Program. The Wine Launch also celebrated the wine program at Nuriootpa High School, demonstrating the success of the school's wine course and everyone involved. Extensive preparations occurred leading up to the Wine Launch from a wide range of teachers, SSOs, Vines as Wines students and past students who assisted with setup, creating a 'photo station' and in general cleaning everything up to make it look glamorous. The launch of the red and fortified wine was a success among the guests at the wine launch. The 3-hour program consisted of dinner prepared by the Year 11 Hospitality Students and speeches made by students, teachers and others in the industry. Live music was provided by students and the night was hosted by members of our Student Representative Council. The wine launch is also an opportunity to showcase the school's link to the industry and potential pathways into viticulture. It was a great evening to thank our many sponsors who have committed time, knowledge and money to the program.

SPORT REPORT

What a year it has been for School Sport in 2022!

A big thankyou to the staff and student coaches, our administration team, parent helpers, community sponsors and most importantly our amazing student athletes for their dedication and commitment to Nuriootpa High School Sport. We look forward to plenty more state wide success in 2023 and beyond.

YEAR 6 ATSI TRANSITION 'NAIDOC' AFTERNOON

A wonderful cultural afternoon for our Year 6 transitioning students was organised by Year 11 ATSI student – Seth Bagguley.

Seth organised the afternoon as part of a stage 1 SACE unit. He organised and implemented an activity afternoon based on NAIDOC Week for ATSI students and Aboriginal Education staff, to work with the Year 6 transitioning students in hosting a number of cultural based activities during the day.

A highlight was the kangaroo burger lunch which was led by Home Economics teacher, Ms Danielle Langhorn. ATSI students worked in the Hospitality Centre to make the kangaroo patties and salads for the event. The day itself was very successful and enjoyed by all who attended.

"The best part of the day was meeting all the new ATSI students from the Primary Schools," Gabriel.
"I loved seeing all the students enjoy the activities." Seth.

YEAR 11 OUTDOOR EDUCATION

Early in the term (week 3) a group of keen Year 11 Outdoor Ed students put their '*no fear*' mantra to the test to build on their climbing experience undertaken last term at Vertical Reality. This time we ventured about an hours drive from Nuriootpa to an outdoor rock face called Raetjens Gap (near Palmer). We spent the good part of a day on a variety of outdoor climbing surfaces, such as boulders and the natural rock face, while working in teams climbing, abseiling and bouldering. Thanks to Ms Semmens who accompanied us on this trip!!
