

Nuriootpa High School Newsletter

From the Principal By Gerri Walker

Success Stories

- We currently have 3 students who have been selected for state sports teams. Erwyn Rothe has been selected in the U12 state Football Team. Tyson White has been selected in the 12 Years and Under Cross Country – he will go to the ACT to compete. James Nock has been selected in his age group for football also – heading off in week 10
- IEC students attended a Basketball carnival on Friday and again had a fantastic time. This is an annual event that our students always enjoy
- Personalised Learning – recently, the team from central office met with staff, students and parents to gain feedback to inform the co-design of a personalised planning solution for the department going forward. They were extremely interested in what our school is doing and requested copies of this and how we use DayMap
- Meeting re First Nations Students – Brooke Klose, Nat Axo and myself met with Wendy Noble, the Aboriginal Services Engagement Officer from Gawler Office recently. It was great to share the work that Nat and Brooke are doing and how well they know our students
- Many of our sports teams have been successful recently and are going deeper into the competition
- On Wednesday of week 5, we had the Secondary Alliance Meeting at our school. It was great to have the following as part of the meeting:
 - Linda Baldwin's Year 11 Hospitality class was given very little notice, but they prepared some amazing desserts for the principals as part of their course. They considered dietary requirements and presented the food beautifully.
 - Rhys Lacey shared the AFL program – he had a conversation with the principals, and it came from the heart – good presentation style.
 - Anne Barclay did a great presentation on Wellbeing at the school covering all aspects. Her enthusiasm shone through.
 - Chris Gambell and Damien Jones did a hands-on presentation about STEM. They had about 45 minutes with the principals and totally engaged them, even having some success with the Hummingbird Kits. This required much preparation and led to some interesting insights into our STEM program.
 - David Bowley and Chloe Rosenzweig (student) gave a presentation about the wine program and then the principals had a tasting. David and Chloe are so passionate and knowledgeable about the program and blinded the group with their information.
- Recently Karen Barry invited me to her Year 9 Issues in Society Class. The students are currently designing a Utopia City with sustainability. It was very interesting to hear many of the concepts that the students were considering. These students have done a design thinking task and are using critical thinking skills, which they shared as they talked with me. They also shared their last task which was free choice. At the end of the lesson, we did a class whip around so that I could hear about each of the topics and a significant learning. There was a very wide range of topics and there was a significant amount of learning. I spoke in depth with 4 or 5 students to hear how they had chosen their topics and their final opinion – deep learning and willingness to be challenged. A deeply en-

FROM THE PRINCIPAL - continued

- Recently while walking out of Open Space, I ran into a student who was very excited about making Elephant Toothpaste in Bianka Laubsch's class. Of course, I could not miss an opportunity to see and hear about this! The two things that I took away were how engaged the students were and how they were looking at the impact of different variables such as heating up the yeast, not adding as much water to the yeast and experimenting with colours too. They were also willing to answer any of the questions that were asked of them and reflected on the tier 3 (technical) language that Bianka referred to – they knew these words!

Current Concerns Raised re Bullying and Harassment

An update on the information that I shared with families on 6 June:

- Review of our Bullying Prevention Policy and developing an Action Plan - this work has begun with staff and Governing Council. We will begin with the SRC before the end of the term. At the Governing Council meeting, we discussed ways of going forward to ensure there is consultation with the wider school community. I will update you about this process before the end of next week
- Last week, we held assemblies to share the policy with students. Students also had one lesson with their Home Group to further unpack the policy. If you would like to see the PowerPoint that I shared with students, it is on our website. Here is the hyperlink to the document:
http://www.nurihs.sa.edu.au/docs/NHS_Bullying_Prevention_Powerpoint_for_Students.pdf
- The building of a block of toilets as part of the Year 7 build, is progressing and on track to be finished by the beginning of term 3. We are also investigating if we can convert any student toilets in the school into individual cubicles.
- The leadership team continue to work with community members who have been in touch with us.

Staffing Update

Semester 2, 2023

- Sue Clark will continue as IEC Assistant Principal for the remainder of this year
- Nat Noack will continue as English/Literacy Leader for the remainder of this year
- Lachie Prickett has begun Year 9 Year Level Manager. Ebony Deoliveira has decided to return to her fulltime teaching role.
- Peter Shute has returned as a teacher in IEC. He is very keen to return to our school from Reynella East HS.
- Asher Hausler has returned from Maternity leave

2024 onwards

- Rick Lane will continue as Wellbeing Leader for the next 5 years
- Milly Hoffman will continue as Agriculture Leader for the next 12 months
- Joanne Burgess has been appointed as Finance Manager – we welcome her from Paralowie School to start in Term 3
- The ongoing role of Year 11/12 Leader has been advertised
- We are currently considering teacher staffing for 2024

Mobile Phone and Mobile Devices Update

It was great to get feedback from the SRC that overwhelmingly the policy is working and that in the Year 12 Open Space area there is lots of talking and even playing UNO!

I have processed some exemptions for students. We have decided on 2 main categories for exemptions:

- Medical – this includes diabetes, anxiety and anaphylaxis – these students get a card that says Medical – at all times. These students cannot use their phone at all times for general phone calls and texts etc – they are aware of this
- Conditional – eg a student has to go to a certain place to make a phone call. These students have been given a card to keep in their phone

There have been a few students who do not have a credit/visa card or have forgotten they can't use their phone to go to the canteen – we have worked with these students to allow them to purchase food and to work out a solution going forward.

Progress against Site Improvement Plan

Staff are currently consolidating their work in the area of differentiation. As part of their Performance Development Plan meetings that are currently occurring, each teacher is asked to share evidence of their impact of differentiation through 'small data'. We are keen to see what small data is provided. Anecdotal information is that there is a range of data – the conversations associated with this are the important part of this improvement work.

Key Points from Governing Council

- Bullying Prevention Policy - Ashton Hurn attended the Governing Council Meeting on Monday 19 June along with 12 additional parents and Anne Barclay. At the beginning of the meeting, I shared progress against the 3 points that were shared with parents in the recent letter. These parents then also contributed to the beginning of the development of the Action Plan aligned with the Bullying Prevention Policy
- Traffic on roads adjacent to school – a traffic study is being undertaken. This is shared work with Barossa Council, Department for Infrastructure and Transport and Department for Education
- New 7 block of toilets – this work has commenced and the new toilets should be available term 3. This was part of the Year 7 build
- Mental Health Support Worker - Our school is included in the current round of recruitment for a School Mental Health Practitioner. The schools involved in this round of recruitment are:
 - Barossa – Yorke – Mid North
 - Kadina Memorial School
 - Nuriootpa High School
 - Moonta Area School
 - Kapunda High School

The School Mental Health Practitioner will hopefully commence onsite in Term 3. Interviews are in late June.

- Finance – the school budget was approved
- Report from Building and Grounds Committee included:
 - Reordering a tree for the courtyard (replacing one which died)
 - Umbrellas – quote for replacing these
 - Shade shelters on northern oval – investigating costs & Greenock Creek Cricket club are also looking for a grant
 - Bins - DfE are implementing new waste program across schools. An audit has been completed on external and internal bins. Roll out of these bins will occur during July/September
 - New grounds shed - works have commenced
 - New water fountains are to be installed
 - Memorial Hall work is being undertaken to use the stage for storage for outdoor education
 - IEC playground
 - ~ Softfall has been completed
 - ~ We are waiting on quotes for shade
 - Two 4 square courts are to be painted in front of the new multi-purpose building at the request of some Year 7 students
 - Work from the recent tree audit has been completed

Enjoy the upcoming school holidays!

Gerri Walker
Principal

FROM THE SRC

The SRC would first like to congratulate all students on completing Semester One of 2023! We hope everyone is excited for the upcoming term and want to wish all students the best of luck for the second half of this year!

This term, the SRC have organised two Casual Days for students to enjoy. The first of these days was held back in Week 4 and raised \$509 in donations, which will go towards projects that will make our school a better place for everyone. Our second Casual Day, which was also the most requested by students, took place in Week 8 and was a great success! Students raised a total of \$730 in gold coin donations and garlic bread pre-orders, all of which will be donated to Hero for Hearts Kids to support children with heart disease and their families. Thank you to all of the students who contributed with their donations and pre-orders. Your support will go towards making a positive difference to both our school and the wider community.

In Week 7, the Year 12s of the SRC were invited to attend a dinner at Parliament House by Ashton Hurn, Member for Schubert. This gave our seniors the opportunity to discuss ways that we as a community can help improve our school. This was followed up with a tour of both Houses conducted by Ashton herself, which allowed them to learn more about the workings of our State Parliament. We would like to thank her for the invitation to visit and her generosity with her time.

Lastly, just a friendly reminder that we have an SRC Suggestion Box for students to suggest ideas for improving the school, which will be discussed within our Formal Meetings. Students can send these ideas via the SRC Suggestion Box link in the Student Bulletins, in which will lead them to the Suggestion Box Forms page.

You can also keep up to date with our SRC Instagram page! Follow us [@nurihighsrc](#) for updates on casual days, fundraising and anything else SRC related.

FROM THE FINANCE OFFICE

Thank you to those families that have paid the Materials and Services charge of \$398.00 (M&S \$498 less \$100 Government Rebate). The M&S Charge was due to be paid by 13 April so if you have not yet paid please arrange to do so as soon as possible.

Payment arrangements can still be made so contact the Finance Office on 85622022 or email dl.0788.finance@schools.sa.edu.au

When making payments to NHS bank account for M&S fees or other invoiced amounts please remember to use the invoice number or family code as the reference.

School Card

School Card covers **\$355** of the Materials & Services Charge. The additional \$43 of Materials & Services fee will be waived if School Card is approved. Families must apply for School Card annually and lodge an application at the school where the student attends.

The income limit chart is available on NHS website <http://www.nurihs.sa.edu.au> and all School Card forms and eligibility criteria are on the following link: www.sa.gov.au/topics/education-and-learning/financial-help-scholarships-and-grants/school-card-scheme

You can **apply online** or print a hardcopy. The completed form can be emailed to dl.0788.finance@schools.sa.edu.au, posted or returned to the Finance Office. This should be done as soon as possible.

If you are unsure of your eligibility and require further assistance please contact the Finance Office. **If you are found to be ineligible for School Card then you are liable to pay the Materials & Services Charge of \$498 less the Government Rebate of \$100.**

Canteen Online Ordering with Spriggy School

Place your canteen orders online with Spriggy Schools, this makes lunch orders more convenient for both families and the canteen. Students can avoid the queue by ordering recess and/or lunch online. A pre-ordered collection point is available at door # 1 at the Canteen.

Cut off time for on-line ordering is 9:30am for recess & lunch.

Steps to get started:

1. Go to www.spriggyschools.com.au to register and to find links to download the Spriggy Schools app. You should also be able to find the app in your relevant device app store by searching for 'Spriggy Schools'. Alternatively you can just use their website to place orders.
2. Add a profile for each of your students, making sure you select Nuriootpa High School and your student's year level.

If you have any questions, please contact Spriggy Schools via their website or the Live Chat on the app.

Entertainment App (formerly The Entertainment Book)

There are several key advantages a **coupons book app** versus a print version; the convenience of no longer having to carry around a large book, the app lives on the mobile phone with ease of use by a simple tap on the app. More information is available on the website www.entertainment.com.au

Entertainment Memberships can start anytime and are packed with thousands of substantial savings on dining, travel and fun family activities. The digital membership is easy to download to start using instantly. New offers are added weekly for ongoing value all year round,

EOFY SALE IS NOW ON — SAVE \$29 OFF. Get your new Entertainment Membership today to support Nuriootpa High School. The school receives 20% of every membership purchased.

FROM THE INCLUSIVE EDUCATION CENTRE

Tuesday Tasties & the IEC1 Store

In Semester 1 we had 2 Cross-Disciplinary Studies classes in the IEC. Using an inquiry approach, students had the opportunity to brainstorm and make decisions about their own learning in this subject.

We developed projects that aligned with student interests and learning needs, connected to multiple areas of the curriculum and provided opportunities to contribute something meaningful for their school or local community. Both programs ended up involving a fundraising element.

Tuesday Tasties (TT)

The Cross Disc. Class in IEC3 opted to run a catering program for IEC/SC staff and students, with any profits to go towards shade and a basketball hoop for our IEC playground. During Term 1 we spent time planning and preparing. We:

- ◆ conducted market research to determine what meals would be most popular
- ◆ researched and occasionally trialled recipes
- ◆ completed a Hygienic Food Handling Certificate
- ◆ worked out the cost of groceries for each meal
- ◆ agreed on set prices for meals
- ◆ made decisions about serving sizes and packaging
- ◆ calculated potential profits
- ◆ made order tickets
- ◆ planned advertising

All of the pre-planning was what made our program possible, because as it turns out, a catering business requires a lot of thinking and forward planning!

The meals we had on offer were pizza & juice, nachos & fruit salad, hamburgers & milkshakes, and sausage rolls & hot chocolates. We followed a job roster – jobs included food/drink prep, cleaning, customer service (managing orders, phone calls, service & delivery), and photography. We also usually found time to review our income and expenses for each event and work out our profits, sought out and reflected on feedback.

When asked what they thought about the program, our Tuesday Tasties students told us:

- ◆ We learned about selling products
- ◆ It was good learning to cook some new recipes
- ◆ We enjoyed cooking

Acknowledgements:

- * The TT crew – Logan W, Riley S, Matilda, Bethany, Ethan S, Hayden, Kyan and William. You have achieved so much and it has been a pleasure working with you
- * Sue Henke (Head Chef), Lindy Grigg, Roz Corneliusen and Gaynor Saegenschnitter have been instrumental in the success of the Tuesday Tasties program; not only did they support students in the kitchen and share their expertise, but they were part of the planning and were generous with their personal time and resources
- * We'd also like to thank Belinda Kunze, our Manager of the 'afternoon shift', and Donna, Emma Z and Lisa S who assisted or advised us on the occasional planning and preparation day
- * Also, a big thankyou to Michelle Burgess for passing on our communications to parents – this allowed us to ensure we reached our cap of orders and didn't exceed our limits
- * And last but not least, I personally would like to thank Erin Dayman for her advice and support in setting up and running the program in the first place

Final fundraising profits for Tuesday Tasties (drum roll, please!)

\$281.44!

FROM THE INCLUSIVE EDUCATION CENTRE - continued

IEC Store

The Cross Disc. students in IEC1 have been involved in 3 different projects in Semester 1. For our latest project we devised a plan to fundraise for our playground – we would make items to sell to IEC staff, and aim to have some things ready to sell by Mothers Day and to continue making things throughout the term. We brainstormed products that people might be interested in buying from us, and investigated different materials and techniques.

In the end we settled on 3 products that we could work on in Cross Disc. and/or in Tech with Mr Conway:

- ◆ Alcohol-ink tiles (can be displayed as art or used as coasters/trivets)
- ◆ Macramé jar hangers (for candles or plants)
- ◆ Barrel stay candle holders (plain or with wood burning designs)

We recently interviewed IEC1 students about their experiences this term:

My favourite thing to make was...

Ash: Woodworking

Alex: Tiles

Jake: Tiles, woodwork and wood burning

Something new and interesting I learnt was...

Ethan & Jake – how to do alcohol ink art on tiles

Ash – using the wood burning tool

Acknowledgements:

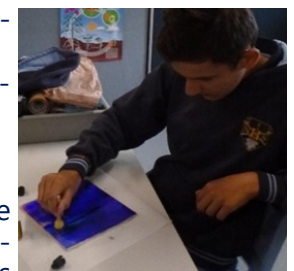

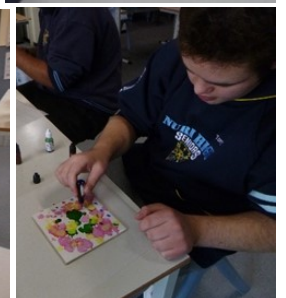

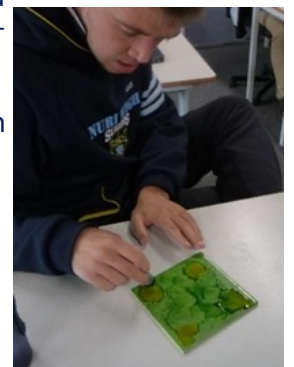

- * Our wonderful students – Alex, Tony, Ash, Ethan K, Jake, Ollie, Thomas and Sylas. Fantastic work everyone!
- * Will Conway has been very supportive throughout the project and a great collaborator. He gave us his spare time and expertise to help prepare the barrel stays, and has also allowed students to continue with this project into his lessons.
- * Michelle Burgess assisted with the planning phase, was a great support in the classroom throughout and took many excellent photos. She also gave us succulents to put in the jar hangers.
- * Gaynor Saegenschnitter donated tiles, barrel stays and jars. She was also a big help with the macramé, tracing designs for the woodburning, taking photos and promoting our products.
- * Wayne Roscarel gave his spare time and technical expertise, supporting students with the drill press and showing us how to apply spray lacquer. Wayne also assisted Jacky to prepare and apply the first batch of resin for the tiles.
- * Lindy Grigg was a huge help in further upskilling Jacky to prepare and apply resin.
- * Lisa Stagg made and donated many beautiful tea light candles.

We are still finishing off some products and won't be due to close up shop until the end of term. This means that we can't tell you our final fundraising figure yet. However, what we CAN tell you is that so far according to our current sales list, it looks like we have raised at least **\$250!**

Between the efforts of both the Tuesday Tasties crew and the IEC1 Store, our students have managed to raise more than \$500 so far to go towards improvements in the IEC playground. We are so very proud of their accomplishments. Well done everyone – such a good effort!

Thank you to all staff, students and parents for contributing money, time and/or resources to either program. It was for a good cause and we truly appreciate you coming on this journey with us.

Signing off (from a very busy but satisfying semester),
Jacky Young
IEC Teacher

FROM THE INCLUSIVE EDUCATION CENTRE - continued

WOODWIND ENSEMBLE PERFORMANCE

On Wednesday 7 June our Woodwind Ensemble performed two pieces to Ms Parker's Year 9 Music class and Ms Wensley's Year 8 Music class. We did a throw back to the '80's and '90's – first performing a swing/jazz version of Aha's *Take On Me* and then playing the classic boy band, Backstreet Boys, *I Want It That Way*.

Well done to Kaiser Gladigau, Jay Kroehn, Mary Johnson, Abbey Mattner, Lexi Etscheid and Sophie Schutz. Thank you to Ms Parker and Ms Wensley for providing the opportunity for our group to play to an audience. Special thanks also to Percussion Teacher Chris Yeend for jumping on the drum kit to accompany us.

Sonia Samain
Instrumental Music Teacher

OPERATION FLINDERS 2023

Earlier this Term the following 5 NHS students returned safe and well from their life changing Operation Flinders adventure:

Year 9 - Latisha Wilton, Year 10 - Jade Elix, Kloe Bonner, Brianna Hall and Year 11 student Lucy Bradley

The Operation Flinders exercise took place on Yankaninna Station, Flinders Ranges on the Land of the Adnyamathanha People. 6 hour's drive from the Barossa Valley.

Participants spent 7 nights and 8 days hiking, camping, abseiling, developing navigation skills, Indigenous Cultural experience, positive growth and teamwork exercises.

The highlight of the exercise was participants climbing to the top of Mount Rose, 709 metres in elevation.

The students' accomplishments were nothing short of amazing, as they rode the rollercoaster of physical, psychological, and emotional exhaustion.

Nuriootpa High School High School would like to thank the Rotary Club of Barossa Valley, The Great Revival Shop Tanunda, and Community Helpers Nuriootpa for their sponsorship of our Operation Flinders Team.

On behalf of NHS I congratulate the participants and want them to know how proud we are of them for 'weathering the storm and conquering!'

Trent Heneker
Youth Worker

OPERATION FLINDERS 2023

MUSIC CLUB 2023

Music Club held during lunchtime on Wednesdays has been in full swing in Terms 1 and 2, with the IEC and Disability Unit Students rocking the music suite.

Music Club enables NHS students to experience live music performance. Whether you're a beginner muso or a seasoned pro, Music Club provides opportunities to develop skills as a musician and band member in a live music setting. Enhancing social/emotional/physical and cognitive ability, working as a team with live music performance the focus. Students are encouraged try something new, connect with music, build confidence, self-esteem, share musical instruments and play their favourite songs.

Highlights for Term 2 were Sam Bubner singing Danger Zone by Kenny Loggins. Oscar Muckray rocking out on drums to KISS. Mia Williams delivering one of the best Guiro solos I've heard. And finally, Jaden Rodgers playing awesome drum cymbals to American Pie by Don McClean and then verbalising to the group "Great drums, thanks Trent". A special moment as Jaden is non-verbal.

It has been an awesome experience working with the IEC and Disability Unit Students in a musical setting, one that has been full of fun, positive growth and self-expression. All of the students have developed as individuals, as a team and as musicians.

In Terms 3 and 4, Music Club will engage mainstream Music students in developing skills in musicianship, and live musical performance. Tailoring Music Club Program to students engaged in individual music tuition lessons.

Music Club looks forward to playing a part in the musical journey of Nuriootpa High School Students.

Trent Heneker
Youth Worker
Drummer/Vocalist

PIGGERY EXCURSION

On Thursday week 6 the Year 11 Ag classes visited a local piggery in Keyneton. Once we were all dressed up and ready to keep the pigs safe and healthy; we had a tour of all the sheds starting with the farrowing shed where the piglets are born and everyone had the chance to have a hold and cuddle of the week old babies.

We then visited the sows (mums) in their pens and saw the automated feeder that feeds each pig individually and helps to save on any wasted food. Next were the grower sheds where each batch of piglets are housed in their age groups until they are ready for sale.

Lastly was the feed mill where all of the feed is mixed into a special blend every week specially formulated for each stage of growth.

Thank you very much to Shaun for his incredible knowledge and this unique experience to learn about pig production.

Melissa Paunola
Ag Studies Teacher
