7. Business Arising from Minutes

Item	Response
Traffic on roads adjacent to school	Department for Education has appointed a Civil & Transport Engineer from Property Services to lead the work. He is working with the local council, DIT and police. He visited the school on Friday March 4 th in the afternoon to look at traffic flow, especially with respect to the buses. There is a focus on safety associated with the buses, but also includes Parent Drop Off and increased staff car parks. He has developed a draft proposal and is meeting with DIT and the local council to progress the work. It is a much broader proposal than the school.
Constitution Change	 Have capacity for 3 members: Local Council Member – Russell Johnstone Barossa Foundation Member – Amy Heinicke Need another member: Community members – next steps – have 2 vacancies Barossa Indigenous Group Pricilla Heidenreich to contact them for interest – to be followed up Local MP Action: Gerri to follow up with ATSI student body and ATSI teachers to determine if there is an interested party – Gerri has spoken with Nat Axo who is talking with some parents. Defer to 2022.
IEC Fundraising Committee	 Update re Playground Equipment was ordered in December – 50% payment has been actioned Forpark are unable to install the equipment in the April school holidays. Ann-Marie to follow up with Dirtworks and Sherwood earthmoving. Rotary are paying for a swing set and installation. May also provide some additional funding for landscaping. OT students completing their placement have surveyed students and parents and have suggested a basketball back board
GC to invite Rhys Lacey to attend an upcoming meeting to present information on the new Football specialist program	First meeting term 2
Student Awards	Working party to be formed: GC - Monique Lloyd and Kelly Neldner SRC - Catrina Kellond, Meg Couzner and Chloe Petersen Staff - Jen Williams and Carolyn Haswell Gemma Linke possible - past student Action: Monique to call a meeting

2022 - 2024 SIP Update

Student Success Criteria 1

We will see students working mathematically demonstrating understanding, fluency, problem-solving and reasoning across the three content strands of number and algebra, measurement and geometry, and statistics and probability within all learning areas.

All teachers and curriculum SSOs will engage in professional learning to implement consistent, evidenced based practices across the school in the teaching of numeracy.

Current Evidence

Each Learning Area identified the numeracy components of their curriculum, through looking at each sub-strand.

The collated information from this activity was used to develop a proposed way forward with this work. At the Leaders Meeting, leaders were provided with a proposed way forward for each Learning Area. There was agreement that we would begin by in servicing all staff on graphic literacy and associated misconceptions (21st March). Each learning area will then contextualise these learnings. Some learning areas will further sub-divide to refine the work to their current practice.

Proposed Next Steps

Reflect on first whole staff session and determine the needs of each learning area with respect to graphic literacy and misconceptions.

Student Success Criteria 2

All teachers will consistently use high impact teaching strategies to support student learning, focussing on setting goals and getting knowledge ready, reading aloud and questioning and generating questions of the text.

Current Evidence

Leaders have begun to explore instructional leadership. They have agreed on basing their work on the Lyn Sharratt work using the 5 questions:

- What are you learning?
- How are you going?
- How do you know?
- How can you improve?
- Where do you go for help?

There will be further exploration of these questions.

Proposed Next Steps

Look at the structure and line of sight between Site Improvement Plan and External School Review (ESR) - gathering evidence to see if we need to pivot or persist with practices

ESR Directions:

- 1. Align evidence-based improvement and performance development processes to ensure all teachers know the impact of their practice and actions to improve student learning and wellbeing for learning
- 2. Develop a collective understanding of high impact teaching strategies that support effective differentiated teaching and learning that supports all learners
- 3. Strategically develop evidence-based instructional leadership practices that support the improvement of teacher practice and the achievement of all students.

APPENDIX 3: CHARIPERSON'S REPORT

Not a lot to report with the beginning of the new school year.

I attended Sports Day for a short time last Friday. It was great to see students involved in the events and activities. There was a good vibe and energy displayed by students and staff.

Support provided to Ann-Marie for recruitment of two new workers in the school canteen.

And I would like to take this opportunity to thank Gerri, her leadership team, and all school staff as they continue to navigate COVID outbreaks, close contacts and all the work that goes along with this, while maintaining the duties within their normal roles.

Many thanks, Tarnya Eggleton

APPENDIX 4: PRINCIPAL'S REPORT

When we meet next Tuesday, we will have had the first opportunity to have the whole school in one place – the Eastern Oval for the Sports Day. It is such a strange start to a year with 26 new teachers and they have not seen each other in person in a group. It has made life more challenging, but the staff have rallied and ensured we continue to focus on learning and supporting each other. Another point that has been obvious to me is the role that our staff play as 'significant adults' for many of our students. Many students are facing emotional/mental health challenges at this time, and it has been wonderful to hear many of these students talk about the significant person for them at our school.

COVID

Conditions that we continue to operate within are:

- All students and staff to wear masks safely (over nose and mouth). Students with exemptions are to sit near doors/ventilation where possible. We have published the list of exemptions in DayMap Staff Bulletin daily so all staff know who has exemptions.
- Day excursions can only happen to sites where there are no vaccination requirements
- Staff meetings and professional learning are still happening largely by Teams. Some small group work has been happening eg Andrew Dickinson has worked with small groups of staff about Behaviour Management to ensure a consistent approach.
- Interschool sporting competitions have re-commenced with much success for our school
- Extra-curricular activities at the school, including choirs, band practice, instrumental lessons attended by a non-school employed music teacher.
- Work experience and work placements.
- Camps and other outdoor activities required by the SACE for the purpose of subjects such as Outdoor Education.

Each day we do a daily 'pulse report' of staff for the department. We were having to do a 'student pulse check', but the department is now gathering data at the end of the day from our central system. At this stage we have been able to cover staff absences, although there has been a shortage of mainstream curriculum SSOs on a few days added to by the non-appointment of 3 such staff members as we have been unable to find suitable personnel.

Positive Stories

- We have had some students representing our school at a state and national level. These include:
 - A Year 12 student who has been offered a work experience opportunity to go to the Royal Sydney Show with the stud that she does volunteer work with. This provides a great chance to do her 50 – 60 hours of work experience for her Workplace Practices.
 - We have the youngest fully qualified firefighter at one of our local CFS stations she is managing a fulltime pager and doing really well.
 - Currently we have a female cricketer representing our state in NSW and we will have a Year
 7 male student representing SA in Squash at the end of term 1.
 - I presented my first round of Principal's Awards over the last couple of weeks. They included:

- A Year 11 student who has been picking up papers when he is in the yard and also talking with students about how to dispose of masks in a more environmentally friendly manner
- A Year 7 student who is a very capable and conscientious student. In both science and maths he has taken a peer support role upon himself when he has seen other students struggling with the content. He has done this without being asked by the teacher or his peers. The two students he supported were really grateful for his support as they both have learning difficulties and have found the shift to high school challenging at times.
- A student in the Inclusive Education Centre who has been mentoring a new student to the group.
- Barossa Foundation gave us some \$50 vouchers for families. The Wellbeing Team allocated these
 and Vicki Rochow (Pastoral Care Worker) actioned this work. We have had several recipients share
 with us how important this voucher has been to their family. Personably talking with a couple of
 these recipients was heart-warming. Thanks Barossa Foundation and Wellbeing Team.
- Our SRC continues to sponsor a child, Bin in Sri Lanka. This has been ongoing for a few years and
 it is wonderful that our students can raise funds to do this.

Staffing Update

- Donna Tilbrook is increasing to 1.0 for the next 4 weeks while Karlia Davoli is on leave, so that she can backfill Karlia's Year Level Manager role.
- David Bowley is increasing to fulltime for the next 4 weeks to backfill Karlia while she is on leave
- Welcome to Gaynor Saegenschnitter to the IEC SSO team. She has previously worked at the Tanunda Disability Unit.
- Anna Watson will also join the IEC team working 12 hours per week starting in week 8.
- We welcome 2 new employees to the Canteen Jill Perry and Lisa Stagg who started in week 7 for 10 ½ hours per week each.
- Three mainstream Curriculum SSOs have been readvertised
- Four week position to backfill Sue Matthews in the Front Office in term 2 has also been advertised.

Staffing 2023

Personnel Advisory Committee (PAC) have begun looking at the leadership positions for 2023. Vacancies will occur in:

- Maths/Numeracy
- Agriculture
- Years 11- and 12-Year Level Leader
- FLC Leader unsure what this will look like due to the current review of the FLO program Permanent teaching positions will not be advertised until early term 3.

Year 12 Class of 2021 Celebration

Due to COVID restrictions, we are unable to hold the usual celebration assembly for the Year 12 2021 students. The Senior School Year Level Team have developed a way to recognise these students that is COVID safe! Each student will receive a letter congratulating them with their certificate and a video with a message from the team and myself.

Facilities Update

Home Ec kitchen was to be operational Wednesday of week 7, but due to a flooding problem over the long weekend, this timeline is being revised.

The 8 Year 7 rooms (2 x Quads) are continuing to progress – they will not be totally finished until after the school holidays. Still to be completed are another ramp, another set of steps, verandah, paving, a fence to stop students moving between the 2 quads and ...

Multi-purpose Building, new Tech Studies room, upgraded Hospitality and Inclusive Education double classroom are all being used and in the defects period.

We are trying to find a company to install the playground equipment for the IEC area as the company who provides the equipment is inundated with work!

The long jump tracks and sandpit will be installed on the eastern side of the eastern oval late March - early April. The Little Athletics Club will pay for a third long jump pit and running track to be installed.
